## If you wish design, it is Kenzel, if it is Kenzel it is quality

In 2003 when we began our professional business life we gave ourself a promise: We would make your dreams real without giving an inch from quality. Over the years we have had a respectable place within the domestic and international markets of furniture sector as an innovator and high quality manufacturer. Because ensuring the highest quality in all of our products has always been a natural part of our concept.

The most important thing to us is that you end up with exactly the right furniture. You will meet skilled, experienced interior decorators who can provide expert advice and will be sensitive to your needs and tastes.

We wish you to use our hotel and office furnitures which are produced within a 10000m2 covered factory by advanced technology German machines for long years.
